Dear Mrs Harris:

How many times we  
wished for you on that  
wonderful ride yesterday.  
Such beautiful scenery -  
as we climbed up & up till  
from the summit of a  
high mountain we caught

When, even in the midst of so  
many discouragements, - you begin  
to realize your dreams & hopes.  
It makes the tears come & I shall  
recall with much pleasure the  
help service - the morning long  
& the happy hours spent under  
your hospitable roof.

Many, many thanks for all  
your goodness & may you all  
live to see the full fruition  
of your planting the good seed  
in such fertile soil.

With much love & a host of  
good wishes, in which I join  
me, I am

Yours most sincerely
