

Jan. 14, 1920

My dear Mrs. Harris,

Before we leave
this lovely island, I
want to tell you how
much we enjoyed our
visit with you, and
to thank you for all
you did for our
comfort and pleasure.

I have thought
many times of the

boys and girls as they
stood there singing
for us - such bright
intelligent faces - you
must be very proud
of them and I am
so glad they have this
opportunity to learn how
to study and work -

The ride over the
mountains to San Juan
was wonderful, when
the station gets the new
automobile, you and
the children must

surely take that drive -

Give my love to all the children. I hope the baby's other tooth is through and that he feels all right again.

I hope sometime we shall have the pleasure of seeing you all in our home in Summit.

With kindest regards for you and Mr. Harris.

I am yours very sincerely
Caroline M. Pranch
