Polytechnic Institute,  
San German, P.R.

My dear Mr. Harris:-

During the summer  
school course I have  
had the following  
students in History:  
Luz Ramirez, Camasa  
Viera Jorge Lugo,  
and Quinten Longally.

I wish to tell

the students from  
the Institute are  
the best equipped  
in using the English  
language. So much  
of the reference work  
is in English that  
it is an absolute  
necessity to be able  
to read and understand  
English. I wish you  
added success in  
your work.

Very truly yours  
(Miss) Gaudel C. Brown

you how much  
I have appreciated  
the work which you  
have done in teaching  
these students English.  
Their ability to  
handle the English  
language has  
made them very  
successful in the  
course.

Quinten has done  
exceptionally well.  
In fact I believe
