J. W. Harris

December 13, 1927.

My dear Doctor Harris:

All throughout the year you have extended Christmas cheer to the young people of Porto Rico. West End now desires to extend to you its appreciation and thanks and a small remembrance, hoping that it will give you a portion of the Christmas cheer that you have extended to others and make your Holiday Season a bit better and a little happier.

We are grateful and thankful to be associated with you and Mrs. Harris in the outstanding work you are doing and rejoice that so many have been inspired to service by your example and work.

In behalf of West End I wish you a very joyous Christmas and a happy Year.

Very sincerely yours,

W. R. Patterson
