Dear Dr. and Mrs. Morris,

Now you are being punished for bragging about my letters. Here comes another one to tell you I am writing every day but Sunday on a history of the Institute - not a snappy, readable book, just a very accurate account of the first years, as Mrs. remembers it, and as I have it in newspaper accounts published in Puerto Rico and in a few Church papers, and in an old diary.

Love to Mrs. Morris and the daughters

Your friend

Emilee Harris

Esther Belgado is writing a Polytechnic History, too!
