Miss Edna E. Wall  
Coulee, Washington

Dear Miss Wall:

Your letter of May 17th has been sent from place to place trying to find some record of your having been here in the early days of the institution. Unhappily there has been so many changes that we can not find any written record of your having taught here. I should not swear to something that I do not know to be truth and I am therefore forwarding your letter with the blank to Dr. Harris at Dilley, Texas where he is retired by working hard raising beef cattle. I know he and Mrs. Harris will be glad to hear from you.

I am sending my letter to the Harris by air mail so that you should here from them as soon as you receive this.

Yours sincerely,

Jan-aib  
Reg. Mail
