Dear Dr. Seel:

Just have the passage on
Eastern Air line confirmed by
phone. We are leaving as you
suggested, from S. Antonio at 1:15
P.M. Feb 25th and arriving in
San George at 9:55 P.M. ^{next}
day. Feb. 26th I am cabling you tomorrow

The message that his letter
also bears.

Mrs. Patricia Tio de Ramirez has
written us that she would
like for us to make her home
our headquarters while in
San Juan. I have to leave

all this up to you, and the
Alumni and your committee.
Mrs. Harris cannot stand
much excitement but you

Mrs. Harris
26/11

can't slow me down. I seem
about as, to endurance, able to
keep up with the middle aged
except in banquets and
over eating. We both like
plain food - my breakfast for
years has been - oatmeal, banana,
toast spread with honey and
butter and closed down with
a glass of milk - Mrs. Harris:
appetite... is good - only phy-
sical or mental strain exhaust
her endurance quickly. I
hope we may be no special
care to you and others, for we
want to be of service to all.

Cordially yours

W. H. Harris

Almost forgot - tickets came today.
I just called up the office and your
suggested flights are confirmed to S. Jan.
Thanks.
