Dear friends:-

Here is our best wishes for
you and the Polytechnic on
March 2nd's celebration and
through the whole year of
1951

I am glad to see the in-
terest shown in P. Rico in
the Challenge Fund. If
people give largely it will
be due to Puerto Rican sup-
port.

Please give our cordial best
wishes to all the Faculty and
present students

Dear Anna y kids y fa:

I am sending you this original copy of my greetings to the Alumni. I hope you can sometime in the near future be able to set up the Alumni for an effective campaign. I shall be glad to come down and help you all organize the incorporation of the Alumni Association. Do not trust in the Board of Trustees to do this work for they are all very busy people and seldom think of Poly except when it is in trouble.

I enclose my check for \$26 = for first year so as to be the first to act in the greater and bigger university for definite teaching of Christ's Gospel.

My love to you all
 J. W. Harris
