Mother's Day
May 2, 1948.

Dear Dr. Harris:

I appreciated so much your coming this morning to be with us. It was a joy to have you to hear God speaking to us through you. Perhaps when you return to your home in Texas some Sabbath morning you may like to look into and see again. We shall think of you and your dear ones lovingly. We hope you two and Dr. Harris lovingly. We hope you two and Dr. Harris lovingly.

Dear People, will remember us sometimes in your prayers that we may grow up into men and women who will honor God and like Jesus do our work well, pleasing unto Him.

Lovingly,

The Boys V. Field of Polytechnic
