President Ronald C. Bauer,
Polytechnic Institute
San German P.R.

Dear Dr Brauer:

Just arrived from an Annual Meeting of the Federal Land Bank in Houston and find your letter of Feb 14. I am glad you find that little calendar helpful.

I am writing you to say, as it now appears, my four children will meet me in Poly for the celebration and Inaugural. Mrs. Helen Harris Artau lives and teaches in the Univ. of P.R., Rev. W. Donald ^{is} pastor of the Central Presbyterian Church of Waco Texas, Mrs. Margaret Harris Stephenson is Surgical nurse here in Dilley and Dr. C. Cleland Harris is in Venezuela, address is Socony Vacuum Oil Company, Apartado 246, Caracas, Venezuela.

I certainly dislike extreme ^{to} suggest anything extra to you especially ^{when} at this your ^{busy} occupation with other demands more urgent. If it is possible and convenient we would like to be housed together at night. My children are charged with memories of childhood through H.S. (Margaret graduated from Poly). When they get together they are real Puerto Ricans and all try to to laugh and talk at the same time. It would be heavenly to sleep again in Loma Vista in even cots in one room.. where they could talk all night if they so desire till they run dry, and dream again.... maybe in my old study and adjoining bedroom.. ..or at the end room on the first floor... anywhere in a place where they can talk and not disturb others.. Donald's wife and Cleland's wife will be there, but they probably would enjoy a dormitory room since they do not speak Spanish. This suggestion is a suggestion that may not be possible at all. You could add tremendously to our joy if such were possible, for it would would be really a HOME COMING to the children. Donald has to return by the 8th. and they all will be in Poly for the duration of the Fiesta, I hope.

By the way we always read the 8th Chapter of Deut. on Founders Day. If you could have Rev. Erasmo Seda or any one you may choose with resonant voice to re-ad that chapter on Founders Days it might sound pleasant in the ears of alumni of earlier days.

We shall try to get over there as soon after our arrival on Feb 29, so as to get a night's rest before the celebration begins. HOW wonderful it will be to visit "you all" as the southerners say! I hope we can be of help and encouragement to you and the whole student, faculty and Alumni. Our real motive in going is not just to see our old familiar grounds, but to help in all we can to give your fullest support in your great undertaking.

Cordial yours,

J. Will Harris
