

February 15, 1957

Dear Don Popes:

I wish you to know how very pleased all of us were that you could participate in the memorial program for Dr. and Mrs. Harris on January 20. Numerous people have commented on the splendid way in which you took part in the service. It was most symbolic to have the first student of the institution and the last student enrolled. How many memories must have been going through your mind as you attended and participated in the program. Dr. and Mrs. Harris will be remembered forever for their splendid lives and for their great contribution to the Christian cause on the island. We were very pleased that you could be with us when former students, parents and friends gathered together to remember Dr. and Mrs. Harris and to pay them homage.

Very sincerely,

Ronald C. Bauer,
President
