Dear Edith and Jarvis,

Just a note asking about Mr. Stoughton, the Institute Architect. We wrote him a letter and received a notice from his sister in law, Mrs. Arthur Stoughton, that he had died two months ago.

Mrs. Arthur Stoughton, 169 Elm Ave, Mt Vernon, New York writes "He was ill for only two weeks prior to his death although we had watched him fail for a year.

One of his many fine characteristics - the sum total of which added up to a noble stature - was his ability to make good friends and to keep them."

Was any notice of his death put in the Polygraph?

His full name was Charles William Stoughton
though he used it Charles W. He did not
like the name William.

With best wishes to everybody on the campus

Love as ever

Your friend

Ernie Harris
