

Dear Dr. Harris:

JAN 4 1946

Last year you sent me a calendar,
the last sheet of which I threw away. I
used it from the Philippines to Korea.

This year I am reversing the process
and sending you one from Korea. In
fact, this is two calendars combined - our
type and the Oriental Lunar Calendar. The
4279 represents the Korean year.

Happy New Year to all of you.

Virgil Curwin

My official Korean signature
with which I sign all
Provincial checks.
